

## **DRESS CODE**

The dress code is important. If you are coming here to dance then you should look like a dancer. It allows the student to move more freely and the teacher to be able to see body lines and give corrections. Here are some suggestions for proper dance attire:

### **GIRLS**

- All long hair tied back and out of the face
- Wear appropriate clothing.
- For the younger students, bodysuits and tights are great. They may wear tutus or fun little skirts and bodysuits in whatever color, if they so wish. Dance leotards and yoga wear is also accepted.
- For the older student tighter tank tops, bodysuits, booty shorts, dance capris, yoga wear and other dance attire are all acceptable.
- ABSOLUTELY NO JEANS.
- No excessive jewelry. A single chain necklace or a watch is acceptable...20 bangles is not.

### **SHOES**

- Tap - Black patent leather tap shoes for younger dancers. Older dancers can wear those or Black leather tap shoes (not high heel). Split soles or full soles are permitted. Slip on or tie up depending on child's foot

Note: For those parents that have younger students in Tap, it is a good idea to take out the ribbon and replace it with black elastic. This way they won't come undone and it is easy for them to put on. It is also a great idea to put your child's name in their shoes somewhere as they all look the same.

- Jazz - Dancers may wear toe undeez, bare feet or beige dance shoes. (If they have black jazz shoes that is ok as well but if buying new, get beige.)

- Lyrical - Beige jazz shoes or toe undeez
- Hip Hop - Black Converse high top ideal or clean runners
- Ballet - Pink leather ballet slippers

## **BOYS**

- Shorts or sweatpants and a t-shirt are sufficient. Shoes would be the same as above, just in black.

## **HOLIDAYS**

- The studio will be closed on any Stat holiday; Thanksgiving, Family Day and Easter Monday. Those students that dance on Mondays are welcome to come to similar classes that are held on a different day for that week.
- Christmas holidays: Studio will be closed December 24th to January 9th (inclusive).
- Spring Break: Studio will be closed March 26th to April 2nd (inclusive).
- There will be NO refunds for missed classes and NO make-up classes

## **ABSENCES**

If your child will be absent from his or her class, a phone call or email must be received by the studio notifying us of the absence. If your child has been absent for more than three classes, a phone call will be made home to be sure your child is still dancing.

If a child must quarantine at home, their class will be livestreamed on zoom for them to continue dancing at home. In the event the studio is mandated to close due to pandemic, classes will move an online format. Quality and quantity of instruction will not decrease and parents will be required to continue with monthly tuition.
